KEY FEATURES

Offboard European Made Motor

Power, performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

Recirculated

This rangehood is recirculating which means the air passes through a high-performance filter and recirculates back inside with the impurities and odours removed from the air.

Powerful Extraction

Sirius offers powerful rangehoods, providing superior extraction for all cooking styles. With revolutionary technology and advanced engineering, they're ideal for any kitchen.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

LED Light Ring

LED lights emit less heat, saving energy and lasting longer, reducing replacement costs. Ideal for eco-friendly homes with excellent lighting quality.

Remote Control

This rangehood is equipped with a sophisticated, stylish remote control that offers users the convenience of adjusting fan speed, lighting and timer settings of the hood from a distance.

4 Speed Settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.

Hand Crafted In Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
