Cooktop:	
Power	Single-phase 220-240V - 50/60 Hz
Type of Switch	Electronic Sensors
Cooking Zones	4 - 2 zone bridging option
Total Cooking Power (W)	7400W
Safety Switch	Yes
Timer Function	Yes
Warming Function	Yes
Heat Booster Function	Yes
Overheating Function	Yes

KEY FEATURES

European Motor

Partnering with the best European motor manufacturers to create the ultimate range of motors that provide the maximum in performance without the noise. Our revolutionary technology generates greater air movement with less fan movement, for a superior cooking environment.

Powerful Airflow

With impressive airflow and control, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen. Conveniently controlled with 4 speed settings.

LED Strip Lighting

Illuminate your cooking environment with strip lighting. This style of lighting improves visibility over your work area as the strip of lights provide more even lighting, is brighter and is fixed along the length of the rangehood. This style of lighting is not only stylish but practical.

Touch Control

Smooth and simple to use, the touch controls let you control the rangehood and cooktop effortlessly and with features including child lock safety and integrated timer; this cooktop and rangehood combo will make your cooking experience easy and enjoyable.

Recirculating Option

Recirculating your rangehood filters the air and blows it back into the room, and often come with a carbon filter to help clean the air. This is a good option for small spaces or if you can't duct to the outside.

Cooking Functions

The latest G5 induction technology with an integrated downdraft rangehood in one sleek design. With 4 cooking zones and over 9 functions including Chef Cook; letting you melt, warm or simmer at the touch of a button, along with power boost, pause and recall functions.

Induction Cooktop

This combo is designed to provide the air extraction needed to remove steam, smoke odours and grease. The induction technology heats the pans directly rather than using the surface as the heat source. Paired with the integrated rangehood, you've got the perfect cooking combination.

Ducting & Venting Options

This rangehood comes with 5 venting options. The flexibility to suit your kitchen set-up needs with top or rear venting options. With Sirius Ducting kits and components, installing your rangehood is easy and extends warranty to 6 Years.

Hand-Crafted in Italy

Pioneering downdrafts since 2001, Sirius were the first to introduce this innovative rangehood. Quality, functionality, innovation, style & luxury hand-crafted in Italy. Leading the market in design and functionality, this collection has been specifically handpicked for Australian living.

*Note noise level is an approximate range and subject to installation and surrounding materials.

^Product is manufactured in Italy, ratings are based on European directive 65/2014 regulations.

This information is correct at time of producing and subject to change as products develop. Always check the physical product before making any cut-outs or installing.

LINE DRAWING

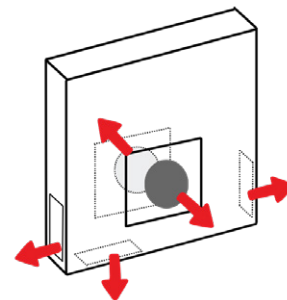

DUCTING & MOTOR PLACEMENT SOLUTIONS

There are various ways to duct your downdraft, depending on the motor you use, and if you're recirculating your rangehood. See the user manual and website for more information.

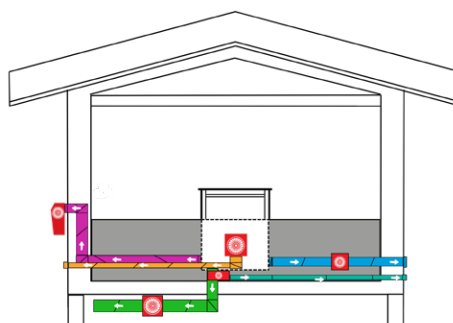

Vent from the front or back with 200mm round ducting.

Vent from the side, bottom or side with 90mm rectangular ducting - adaptor included.

Rectangular to circular adapters available.

Ducting to the Atmosphere

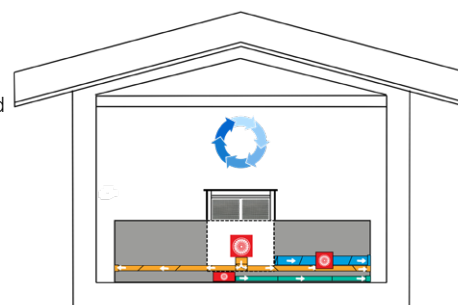

The ultimate option if you want great air movement and low noise.

Optional motors include:
DDFMEL - Downdraft Front Mount
SEM10 - Under Kicker
SEM8 - Internal Inline
SEM7 - External Wall Mount

Recirculating Options

An option for small spaces, or if you're unable to duct your rangehood outside. Ideal for apartments or homes without an external venting option.

Optional motors include:
DDFMEL - Downdraft Front Mount
SEM10 - Under Kicker
SEM8 - Internal Inline

For detailed installation options, please see the user manual and website.

6 Year Warranty

when Sirius ducting is used

Sirius has its own range of ducting kits and components, designed to get the most power and efficiency out of its hoods. The full range of high quality, cost effective ducting kits and individual parts will provide you with the best result for your rangehood.
